On Sundays the American business man is cultivating the lost art of walking.

Do any of us fail to realize that a drive for the Fourth Liberty Loan is in progress?

Butter is going up, and will soon be seen only on the tables of the munition workers.

By this time you have probably decided that you never did like sugar in your coffee anyhow.

"Can any good come out of Nazareth?" There is certainly some good being done there.

It is time for the Sick Man of Europe to take his medicine, and the Allies are seeing that he does it.

September in France is a cold month, but the allies managed to keep warm running after the Germans.

A hundred and forty years ago the minute man was the man of the hour. Now it is the duration-of-the-war man.

The chaplain of his regiment and the Chaplin of the films each fills a comforting place in the life of a soldier boy.

Many of the names in the casualty lists may be foreign, but the possessors of them are certainly true-hearted Americans.

Rev. Clarence Stropher of Louisville, will fill the pulpit at the Baptist church, Sunday. The public is cordially invited.

The Kaiser's hair has grown gray since the war began. Probably in the same proportion in which his prospects have grown dark.

But the words "Victory" and "Success" and "Courage" are still with us.

A million watches have been ordered in Switzerland for the Yanks in France.

Winnipeg will store 2,000 tons of coal for war widows and will sell to them at cost.

British aviators have destroyed three times as many airplanes as they have lost.

Swinebroad, the Real Estate Man, of Lancaster, Ky., will sell at Public Auction 65 acres of land at the city limits of Danville, on Oct. 16th. Watch next issue for ad.

The fuel administrator gives us detailed advice as to how we are to get our coal, but he neglects to give any information as to how we are going to pay for it.

Eight billion dollars is certainly an enormous sum. But don't worry. Uncle Sam will notify you how deep you will have to go into your pocket for your share of it.

The numerous war weddings have at least demonstrated one thing—that however useful a sword may be on the field of battle, it is a most awkward implement to cut a cake with.

If you will investigate you will doubtless find in the vicinity of every school a complicated system of trenches, defended and attacked by heroic soldiers from ten to fourteen years of age.

In November we shall probably have two million soldiers in France. Your contribution to the Fourth Liberty Loan will help provide them with food, clothing and shelter. Subscribe to your limit.

SHOWED HIS PATRIOTISM

Ex-Sheriff John Morgan, of the War Board, showed true patriotism Sunday. Desiring to go to his farm and having no horse or vehicle, instead of using his auto, he walked the seven miles. He says the exercise did him much good and he intends to do more hiking in the future. —Harrodsburg Herald.

MEN, SHIPS AND FOOD

We have long been told that men, ships and food are the three mighty problems of the war, and what strides the United States is making toward solving them! We have 1,759,000 men overseas, of whom a million and a quarter have gone since March. Since January 1 we have launched 482 ships of 1,892,695 tons, and the United States is the largest ship-building nation in the world. We sent 12,000,000 tons of food overseas last year, and this year we propose to send 17,000,000 tons.

MISSIONARY SOCIETY.

The Junior Missionary Society of the M. E. Church South, met at the parsonage Saturday afternoon, Sept. 28th. The occasion was the opening of the Mite Boxes. There were several present and sixteen boxes were opened, the contents being \$16.00. A gold medal was given the one whose box contained the most money. Ruth Taylor received the medal. Also two small silver medals were given the girl and boy, who told in the most interesting way how they secured the money. Mrs. W. A. Farnau and Miss Elizabeth Scott were the judges and awarded the medals to Bessie Moss and Charles Palmer. Miss Clara Frances Palmer entertained the Society by reading "Angela's Missionary Offering". Mrs. W. E. Moss ably assisted Mrs. Palmer in the business of the meeting and entertaining. After receiving a treat of apples and playing games all left with a stronger desire to make a greater sacrifice for missions during the next six months, when they hope to meet again for another Mite Box Opening.

OFF FOR CHARITY'S

Rockcastle Fishing Club On Annual Outing
The Garrard County Rockcastle Fishing Club, composed this year of six members are taking their annual fishing trip to the waters of Rockcastle and Cumberland and left here last Monday morning. They are now happily located under the hospitable roof of "Aunt Charity" Pointer's near the mouth of Rockcastle river. As has been its custom for the past ten years members of this club have spent many delightful days here and that some of its members were deprived of this pleasure this year, it is indeed sad to them, the writer being one of that number. Unfortunately too for those that have gone, that the three best fishermen of that bunch, Messrs Fred Frisbie, Carl Englehart and the writer, should be left behind, for unless the weather and water are very propitious and the fish are determined to hold on to their end of the line, we have a fear that not many fish will be caught. They will be gone for ten days and the bunch is composed of, Guy Davidson, John Farra, Saufley Hughes, Jim Beazley, J. R. Moorman, and Webb Kelley. Here's to you boys! May you have good weather and good luck!

THE DR. N. MAYS HOME AT AUCTION

Elsewhere in this issue will be found the advertisement of the former home of Dr. N. Mays, consisting of a handsome frame dwelling with all necessary outbuildings and about fifteen acres of land.

This place has long been known as one of Garrard's most beautiful homes. Mrs. Mays having located in Richmond with her daughter, Mrs. Wilson, has decided to sell their old home on date as advertised.

'GAS SLACKERS' FARE BADLY WHILE IN CHURCH

Mr. and Mrs. E. Wager Smith, prominent residents of this place motored to church Sunday morning. During the services a crowd of men and boys punctured the tires in their car, smeared the upholstery with over-ripe tomatoes, drew off the gasoline, filled the tank with water and placed a placard on the auto, reading: "Slackers, why don't you walk? The air will do you good". —New York World.

BULGARIA THROWS UP THE SPONGE.

An armistice has been concluded between the Allies and Bulgaria, on the Allies' own terms. Before the Allies can take over the occupation of Bulgaria it is not unlikely that the Bulgarian military party, Germany and Austria will make determined efforts to keep Bulgaria in the Teuton alliance, because the secession of Bulgaria will mean the collapse of German aims in Turkey and the near east, and probably the elimination of Turkey from the war and the reconstruction of an eastern front with Rumania taking a leading part. The Bulgarian's withdrawal will not only place Turkey in a precarious position but would free the Serbian and southern bank of the Danube, from where the Allies could advance into Austria-Hungary. From the Allied standpoint, the occupation of Bulgaria would probably mean more than the defection of Russia has meant.

The only peace with Bulgaria that the Allies can afford to consider, according to the military expert of the New York Times, is an unconditional surrender; any other peace would prove as advantageous to Germany as to the Allies. An absolute surrender, however, says the expert, would open the back door to Germany and bring about a quick end to the world conflict.

COME TO THE RALLY

Big Patriotic Mass Meeting Tomorrow Night at the Court House.

Every man, woman and child in Lancaster and vicinity is urged to come to the great patriotic rally at the Court House tomorrow (Friday) evening at 7:30 o'clock, October 4th. There will be eloquent speeches, community singing, and all who come will feel better for this meeting which is in the interest of the Fourth Liberty Loan. No collection will be taken and no subscriptions will be asked.

The meeting is solely for the purpose of reaffirming our loyalty to our country and to our flag and at the same time we will hear reasons why we should exert every effort to go over the top in the campaign now under way. The magnificent progress now being made on all fronts in the gigantic war being waged for liberty and freedom against despotism and oppression call for the united and unselfish efforts of all and we do not want it said that Garrard County is not ready and eager to do her part. Let's pack the Court House tomorrow night. Ladies are especially invited. Remember our great President's remarks in opening the campaign for the Fourth Loan.

"AGAIN the Government comes to the people of the country with the request that they lend their money, and lend it upon a more liberal scale than ever before, in order that the great war for the rights of America and the liberties of the world may be prosecuted with ever increasing vigor to a victorious conclusion."

GARRIGUE.

A telegram to the family of Mr. J. B. Conn, yesterday announced the death of his son-in-law, William Garrigue, at Toronto, Canada, the immediate cause of his death being pneumonia. The message was a shock to the family, for none of them knew that he was suffering with this dreaded disease, but a letter this morning, announced the fact that he was very low but that the physicians thought that the crisis had passed. The letter was written two days before the telegram was sent.

No definite arrangements is known here as to the funeral. Mrs. Katherine Conn Tinsley left immediately for New York where the body will be brought. Mr. Garrigue married Miss Estelle Conn about five years ago and since their marriage have lived in New Orleans and New York City.

He was a chemical engineer by profession and had accumulated quite a fortune in his line of business, which kept him quite busy, being connected with several firms in different parts of the country. They had just broken up housekeeping in New York City and were preparing to move to New Orleans for the winter.

Those who have money and want to subscribe for Liberty Loan Bonds have been characterized by a prominent minister as traitors, and he did not miss the mark.

It is stated that 5,000 miles of telephone wire were laid in the St. Mihiel salient and along its borders by the Americans before their attack on the salient. When the battle opened trucks laden with wires started north, unreeled the wires through No-Man's-Land, and 6,000 telephone instruments were used to connect these wires in the battle zone. The telephones were also supplemented by several thousand carrier pigeons. When the American army wants information it gets it.

The Enemy Is Watching

By **NEWTON D. BAKER**, *Secretary of War*

The supreme moments of our struggle with Germany have now come.

We have carried our first armies across three thousand miles of ocean and joined the issue of battle with the military power of a nation that has been for forty years preparing its plans and its weapons for its present attempt to dominate the world. We have had to put forth an immense effort and spend a fabulous

sum in order to make, in so short a time, an adequate beginning for our gigantic task.

But it is only our beginning. We must follow it with greater energy and support it with increasing power. Men, munitions, ships and supplies must go to Europe in a larger and larger stream. We must redouble our blows and add constantly to the strength of those blows, if our initial effort is not to be wasted.

This Means That Our Fourth Liberty Loan Must Be Larger Than Its Predecessors, More Enthusiastically Supported and More Quickly Than Ever Subscribed

The enemy is watching anxiously for the first sign that we are faltering.

Our Government Loans should go "over the top" as eagerly as our soldiers do, in order to carry with them the terror of furious attack. Our dollars must rain upon the enemy as overwhelmingly as our hail of bullets or our storm of shells.

We are fighting for the liberty of the world, for the triumph of our ideals of democracy and self-government over the last great advocate of force upholding injustice. We are buying with our Liberty Loans the security and joy of our people for generations to come. No price could be too high to pay for such a victory—no cost too great for such a purchase.

What Liberty Bonds Are

What are Liberty Bonds? Liberty Bonds are promises of the United States Government to pay money at a future date with interest; for example, a \$50 Third Liberty 4 1/4% bond is a promise to pay the bearer \$50 on Sept. 15, 1928, with interest in the meantime at 4 1/4%, i. e., \$2.12 per year or \$1.06 on every March 15 and September 15 until the bond is paid.

NOTICE

All persons having LIBERTY BONDS of the First and Second Issue with this bank, and who want the same converted into bonds bearing 4 1-4 per cent interest will please notify us as soon as possible so that we may arrange for the conversion. Respectfully,

A TWICE-TOLD TALE

One Of Interest To Our Readers.

Good news bears repeating, and when it is confirmed after a long lapse of time, even if we hesitated to believe it at first hearing, we feel secure in accepting its truth now. The following experience of a Lancaster woman is confirmed after four years.

Mrs. C. T. Brummett, Crab Orchard Street, Lancaster, says: "My kidneys were out of order and I had pains through my back. At times, I was nervous too. Doan's Kidney Pills made me feel much better and stronger in every way." (Statement given February 6, 1912.)

LASTING BENEFIT.

On November 17, 1916, Mrs. Brummett said: "I have had no return of kidney trouble since Doan's Kidney Pills cured me. I know they are a good remedy and I often recommend them to others."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Brummett had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Mrs. Everette Lawson and attractive little daughter, Margaret Neal, of Ravenwood, Mo., are visiting relatives here.

The ladies of the Methodist church sent several dozen jars of preserves and canned fruit to the Orphan Home at Louisville, this week.

Master Ray Ballard and little Miss Lorraine Hulet, who were operated on last Tuesday at the Danville hospital for Adenoids, are both getting along nicely.

Mrs. Bettie Dudderar and Mrs. Margaret Yantis of Indianapolis, also Mrs. Wm. Lear, of Lancaster, were the guests for a few days last week of Mrs. B. C. Rose.

Miss Jane Bowling of K. C. W., Danville, spent the week-end with her parents, Mr. and Mrs. G. A. Bowling. She was accompanied by her room-mate, Miss Lackey.

Miss Mayme Lee Ballard and guest Miss Mary Hunter, of Quitman, Ga., were in Lexington Wednesday to see "Her Regiment" at the Opera house and also attended the "Trots".

Mr. Henry Ruble has sold his farm here to Mr. James Christopher of Buena Vista. This is the farm formerly owned by Mr. R. M. Moss and contains about 100 acres for which Mr. Ruble received \$165 per acre.

Mr. W. H. Boner who has been in Nicholasville for several months, where he had a position with Mr. J. H. Boner, came over last week to spend a while with his sister, Mrs. C. C. Becker, as he was not feeling well and not able to be at work.

Mr. G. C. Rose, of Eva Gallie, Fla., came Monday for a visit to his parents, Mr. and Mrs. G. B. Rose at Camp Dick Robinson. This is Mr. Rose's first visit home since leaving nearly two years ago to make his home in Florida. His many friends are delighted to see him.

Quite a large crowd attended the "Patriotic meetin'" here Thursday night. The singing by the school children was greatly enjoyed as were also the short talks by Rev. Conant, and Rev. Palmeter, and Mr. Swinebroad. The violin solo, by Miss Amy Dawes added greatly to the program.

Mrs. J. Hogan Ballard had a few friends in very informal Friday afternoon, to meet Miss Mary Hunter, of Georgia. During the afternoon a delicious lunch consisting of chicken salad, potato chips, beaten biscuit, pickles, olive and grape ice was served. Every one present had a most enjoyable time.

Rev. G. S. Conant gave a most excellent talk at Buena Vista, Friday night at the Patriotic meeting on the "Liberty Loan" which was greatly enjoyed by every one present. Rev. Conant is a most forceful and interesting speaker. He was also the principal speaker at Mt. Hebron on Tuesday evening.

A pie supper was given at the Odd Fellows Hall here Saturday evening, the proceeds to be used to buy fuel and to make some necessary improvements for the M. E. Church. The proceeds were \$17.55.

THE SON.

An answer to the song: "I did not raise my boy to be a soldier", by Dr. James H. Hughes, for more than thirty years Superintendent of Education in Toronto, whose own son was killed in battle and lies: "Somehere in France".

God gave my son in trust to me; Christ died for him, and he should be A man for Christ. He is his own, And God's and man's; not mine alone. He was not mine to "give". He gave Himself that he might help to save All that a Christian should revere, All that enlightened men hold dear.

"To feed the guns!" O torpid soul! Awake and see life as a whole.

When freedom, honor, justice, right, Were threatened by a despot's might, With heart aflame and soul alight, He bravely went for God to fight Against base savages, whose pride The laws of God and man defied; Who slew the mother and her child, Who maidens pure and sweet defiled. He did not go "to feed the guns". He went to save from ruthless Huns His home and country, and to be A guardian of democracy.

"What if he does not come?" you say: Ah, well! My sky would be more gray; But through the clouds the sun shine, And vital memories be mine. God's test of manhood is, I know, Not "Will he come?" but "Did he go?" My son well knew that he might die, And yet he went, with purpose high, To fight for peace, and overthrow The plans of Christ's relentless foe.

He dreaded not the battle-field; He went to make fierce vandals yield.

If he comes not again to me I shall be sad; but not that he Went like a man—a hero true— His part unselfishly to do, My heart will feel exultant pride That for humanity he died.

"Forgotten grave!" This selfish plea Awakes no deep response in me, For, though his grave I may not see, My boy will ne'er forgotten be. My real son can never die; 'Tis but his body that may lie In foreign land, and I shall keep Remembrance fond, forever, deep Within my heart of my true son Because of triumphs that he has won. It matters not, where anyone May lie and sleep when work is done.

It matters not where he may live: If my dear son his life must give, Hosannas I will sing for him, E'en though my eyes with tears be dim.

And when the war is over, when His gallant comrades come again, I'll cheer them as they're marching by Rejoicing that they did not die, And when his vacant place I see My heart will bound with joy that he Was mine so long—my fair young son— And cheer for him whose work is done.

DEMOCRATIC TICKET.

For United States Senator.

A. O. STANLEY,

of Henderson, Kentucky.

For Congress—

HARVEY HELM,

of Stanford, Kentucky.

The Kaiser can have no hope of gaining the mastery of the seas, so that even if his armies overrun France and Italy, how does he expect to conquer England and the United States?

This is easily answered. He expects them to quit. As a recent editorial in one of our popular periodicals states, "He hopes there is enough laziness and selfishness and cowardice in the people of these countries to give the game into his hands. He thinks they will get tired of fighting. He thinks they cannot stand the self denial it will take to win."

He relies on the chaps who resent having their profits and pleasures interfered with, their diet regulated; on the big capitalist who forestalls as much as the law allows him; on the man who will not buy a Liberty Bond when he can get 8 per cent on a mortgage, and the labor leader and wage earner who will strike even against the Government. To this we may add, "He also relies on the farmers who will not plant wheat because some other less essential crop is more profitable." There are undoubtedly a few farmers who, because they think they have not been treated fairly in the matter of price, have worked themselves up to such a state of self pity, and feel themselves so abused, that they are ready to quit. The thing to do with such men is to send them to the front in

France and let patriotic men run their farm; men who are willing to forego profits for the welfare of their country. We must plant every possible acre of wheat this coming year. Only the German sympathizer or the slacker will stop now to consider the question of profits. Most every farm now has a vacant chair at the table and that chair should be a constant reminder that we MUST feed the boys who are oversea.

LEDFORD.

Robert Hayes Ledford, son of Mr. and Mrs. Millard Ledford, of Paint Lick, has paid the supreme sacrifice, having died at the Great Lakes training station of pneumonia, superinduced by an attack of influenza. A telegram to the family yesterday brought the sad news and the body is expected some time during the day, although nothing definite as we go to press has been learned. This splendid young man was just twenty-one years of age and registered in August and volunteered into the service of the Navy about two months ago.

CALICO.

Another Garrard county boy has fallen a victim to pneumonia while in the service of his country. George H. Calico, son of Mr. and Mrs. Ambrose Calico, formerly of this county but now living in Madison. A telegram to the family announced the sad news of his death at Pugh Sound, Washington, the message reaching them last Tuesday night. His body will be brought to Richmond for burial and will reach there the last of the week. Young Calico was just twenty-one years old and enlisted as a volunteer in the Navy about four months ago at Lexington, Ky. He is survived by his parents and two brothers, Forrest and Elbert and four sisters, Mamie, Zula, Osee and Mattie. The sympathy of the community goes out to the family in the loss of the son and brother, who had made the supreme sacrifice in the fight for world's democracy.

BEATTY

Mr. Cecil Beatty, who lives near Marcellus has the sympathy of the community, in the loss of his mother, Mrs. J. P. Beatty, who died at her home in Richmond last Friday afternoon, after an illness of several years of stomach trouble. Mrs. Beatty was 66 years old and up until a few years ago led a very active life, being a member of the Christian church and always took an active part in its work. She was the mother of five children one of whom a son, died a few months ago. She is survived by her husband and four children, three sons and one daughter. They are: Horace Beatty, of Richmond, Harry Beatty, of Camp Lewis, Washington, Cecil Beatty of this county, and Mrs. Vernon Gibson, of Cumberland Gap, Tenn.

She also leaves three brothers and three sisters. Funeral services were conducted at the late home in Richmond last Sunday afternoon, her pastor, Rev. Homer Carpenter, conducting the services, burial following in the Richmond cemetery.

RED CROSS CAMPAIGN FOR CLOTHING FOR RELIEF IN BELGIUM.

The ten million imprisoned people in occupied Belgium and France are facing shame, suffering, disease and some of them death for lack of clothing this winter.

THEY MUST BE HELPED. The Red Cross has undertaken in determined and nationwide campaign to obtain this clothing in America. It can come only from us. In the face of brutal coercion and spiritual suffering they remain splendidly courageous.

This courage is a challenge to our charity. Let us match the courage of Belgium by the generosity of America.

We want Garrard County Chapter to do her part. She must do her part. She WILL do her part. The date has been fixed Oct. 7-15. The following committee accepts the challenge and calls upon each person to do his part in the prescribed way which follows:

Prof. P. H. Hopkins, Chairman, Mr. J. R. Abner, Rev. Conant, Miss Allie Dunn, and Miss Jennie Higgins, Vice-Chairmen.

All teachers in County are members of Committee.

COLLECTION CENTERS—Lancaster, Bryantsville, Buena Vista, Paint Lick—Schools.

Each district school collect and deliver to nearest one of these points. In Lancaster and near if more convenient, deliver to Red Cross room over Citizens Bank.

The Kind of Garments Needed.

Every kind of garment, for all ages and both sexes, is urgently needed. In addition, piece goods—light, warm cotton flannel and other kinds of cloth from which to make garments for new born babies, ticking, sheeting, and blankets, woolen goods of any kind—and shoes of every size are asked for. Scrap leather is needed for repairing footwear.

Since the clothes will be subjected to the hardest kind of wear, only garments made of strong and durable materials should be sent. It is useless to offer to any afflicted population garments of flimsy material or gaudy coloring. Make the gifts practical.

Garments need not be in perfect condition. A hundred thousand destitute women in the occupied regions are eager to earn a small livelihood by repairing gift clothing and making new garments adapted to needs with which they are familiar.

GARMENTS NEEDED—Men's Wear: shirts, (preferably of light colored flannels), undershirts, drawers, trousers, coats, work-suits, (overalls), suits, (3 piece) shoes, overcoats, jerseys, sweater-vests, socks (sizes 10 1-2 and 11.) Women's Wear—Skirts, drawers, corset-slips, petticoats, blouses, shirts, overcoats, suits (2 piece) pinafores, shoes, cloth hats, knitted caps, stockings (sizes 7 and 8.)

Boys Wear—Shirts, union suits, undershirts, trousers, coats, suits, shoes, overcoats, jerseys, socks (sizes 1 to 9.)

Girls Wear—dresses, drawers, petticoats, skirts, stockings, sizes 1-6, suits (2 piece), overcoats, undergarments, blouses, nightdresses, shoes.

Boy's and Girl's Wear:—Hooded caps, pinafores, woolen union suits.

Infants Wear—Swan-skin swaddling clothes, bonnets, baby dresses, cradle chemises, bibs, hooded cloaks, bodies, nickerchiefs, jackets, cradle dresses, diapers, shawls, sweaters,

shoes, socks.

Miscellaneous—Pillow cases, bed-ticks, bed sheets, blankets, mufflers. Woolen goods of any kind whatsoever are acceptable; soft hats and caps for all ages, and sweaters of any kind and size.

Men's shirts and pajamas, so worn or shrunken as no longer to be serviceable are particularly welcome, since the material can be utilized for making children's garments.

DO NOT SEND.

Garments of flimsy material or gaudy coloring, ball dresses, high heeled slippers, etc.

Stiff hats either men's or women's straw, dress or derby.

Anything containing rubber, rain-coats, rubber boots, etc.

Note: Rubber heels can easily be removed from shoes.

Books, toys, soap toilet articles.

Notes or communications of any sort or description must positively not be sent.

H. S. HUDSON, Chairman, Garrard County Chapter A. R. C.

ART WORK IN THE LIBERTY LOAN POSTERS.

The local publicity committee has put up the new Liberty Loan posters and they make an interesting study. One would do well to look at each one long enough to appreciate the artists conception and interpretation of the Hun. All of the designs were donated by distinguished American artists.

The brutality and atrocity with which the Germans wage war are vividly portrayed in most of the posters, and the duty and vital importance of protecting our country and our women and children from such an enemy, and of rescuing the world and humanity from its curse are emphasized with all the appeal of art.

One of the posters, by Strothmann, is the menacing face of a German soldier with a bloody bayonet: the ruins of a cathedral and the smoke of a wanton conflagration appear in the picture. A poster, by Norton,

shows a pair of bloody German military boots with the injunction: "Keep These Off the United States". There is a strong appeal in the picture, by Everett, of a mother with an infant at her breast and another child clinging to her skirts, with one arm stretched out in agonizing appeal; the legend is "Must Children Die and Mothers Plead in Vain".

The Statue of Liberty crumbling under German shell fire and New York City in flames is pictured, by Pennell, with the legend, "That Liberty Shall Not Perish From the Earth." "Hun or Home?" is the caption of a picture, by Raleigh, representing a German soldier invading a home while a little girl with a baby in her arms gazes in mortal fear and apprehension.

The bloody imprint of a hand, "The Hun—His Mark," makes a striking poster, by St. John, with the exhortation, "Blot It Out With Liberty Bonds." "Remember Belgium" appears in a poster by Young above a silhouette of a German soldier dragging away a terrified Belgian girl; the background is vivid fire and ruin.

A new note is struck in the poster, by Williams, "For Victory"—the figure of Victory bearing a sword in one hand and the American shield in the other leading our troops; the American eagle and flag appear in the picture. "Come On" is the caption of a picture, by Whitehead, of a determined American soldier with prepared bayonet standing over a body of a dead German. Victory figures again in the beautiful female figure standing out against the American flag and pointing out to sea; she towers above a gun crew in action upon an American battleship when a gun is being actually served. This picture, which is by Howard Chandler Christy, is declared by experts to be technically accurate even to the marking of the shell which shows it to be an actual service shell for sinking submarines and not a target shell.

The eleven design is an enlarged picture of the Fourth Liberty Loan Button. Exhortations to buy

bonds and support the Fourth Liberty Loan are carried on all the posters.

LANCASTER MAN POSTPONES HIS FUNERAL.

"I am 66 years old and for past two years have been suffering so badly from stomach and liver trouble bloating and colic attacks that I did not expect to live more than a few months and was arranging my affairs and even my funeral. Three doses of Mayr's Wonderful Remedy have entirely cured me." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. R. E. McROBERTS, Druggist.

LINE BY A SOLDIER POET.

The bard of earlier time who wrote "Woodman, Spare That Tree" would have envied these twelve lines of Joyce Kilmer, lamented American soldier and true poet of 1918: "I think that I shall never see A poem lovely as a tree. A tree whose hungry mouth is prest Against the earth's sweet-flowing breast: A tree that looks at God all day And lifts her leafy arms to pray; A tree that may in summer wear A nest of robins in her hair; Upon whose bosom snow has lain; Who intimately lives with rain; Poems are made by fools like me, But only God can make a tree."

ANOTHER KIND OF DUTY

President Wilson has written the United States Commissioner of Education, urging that there be no slackening of educational activities during the war.

We must adjust, ourselves to new conditions, says the President "to the end that no boy or girl shall have less opportunity for education because of the war and that the nation may be

strengthened as it can only be thru the right education of all its people." The president, as is his wont, has spoken well. The American people are, indeed, forced to meet new conditions every day by reason of war, but, insofar as is possible, we must not let our educational institutions suffer.

We deprecate the practice of a number of teachers throughout the state who are resigning their positions to enter other avenues of employment. It is true that the latter are much more alluring from a financial standpoint, but there is a solemn obligation resting upon our qualified young men and women to educate the children of this country. Many young men have felt the call of duty, and left positions paying fine salaries to enter the army at a private's pay. Our teachers, therefore, should be willing to continue at their post, from a sense of patriotic duty, and resist the call to the walks of trade, which, while temporarily attractive, are not substantial, and do not meet the patriotic demands of the hour.

FROM STATE FUEL ADMINISTRATOR.

In answer to my letter asking permission for those who live far away from church and have no other conveyance, the State Fuel Administrator has the following to say: "You may say to your people that where they live a considerable distance from church and no other method of transportation is available, they may use their cars for church purposes only. But patriotic persons, however, will endeavor to arrange for other conveyances. The gasoline shortage for over-sea shipment is alarming and the strictest conservation must be practiced by all patriotic citizens."

Physicians and Veterinarians are permitted to use their cars ONLY in performance of professional duties. In emergency cases of sickness, etc., where it is essential to use a car, you may secure a permit from me. When cars for any purpose are used on Sunday they should have posted on them in a conspicuous place a card-board with big letters which shall read something like this: "Performing Professional Duties," "Have Permission from Fuel Administrator" or "Church Purposes Only". It is hoped nobody will take advantage of these privileges and use their cars for any other purpose or use them at all if they can possibly avoid it.

The Fuel Administrator has detailed men throughout the town and county to report the names or license numbers of those who disregard this request. There is no penalty attached to the violation of this request, but to do so may work a forfeiture of their license. You understand that it is not I but the United States Government that makes this request. I am only the instrumentality through which it becomes effective. Any man who complains about making this sacrifice should pause a moment and think of the soldier who, in the trenches, fights on and murmurs not.

On account of the "Lake Movement" no coal is being requisitioned to Kentucky now, but after November 1, we are promised a good supply. During October no man will be permitted to obtain more than 50 bushels of coal at one time. Contracts made with coal dealers by individuals for yearly requirements can not be fulfilled during this month. DR. W. A. WHEELER, Fuel Administrator Garrard Co.

BREWER LAYTON

Writes Of The Red Cross And Y. M. C. A.

The great work being done by the Red Cross and the Y. M. C. A. at home and abroad for our soldiers is testified to by the letter printed below from Mr. Brewer Layton, son of Mr. O. T. Layton, of this county, who is now with the American Expeditionary forces.

"On Active Service with The American Expeditionary Forces."

September 2, 18
To the good people of Garrard Co. who have worked so hard and given so much time and money to the Red Cross and Y. M. C. A., I wish to say you just don't know how much good and pleasure you are giving the soldiers. When one is sick he is sent to the Red Cross hospital where the best of Doctors and pretty nurses are to take care of you like mother would, if you were at home. I have been sick over here and know it is just that way.

And when you have a little time off the Y. M. C. A. is ready to give you every thing they can and do every thing they can to make you enjoy your self and have a good time, and to lead you to live for Christ as you should as a christian soldier.

I am well and hope after victory is won to be with you some fine day. Thanking you good people for your many kindnesses, I am,

Your true friend,

C. B. Layton,

with the American Ex. Forces.

The following letter, one of the most interesting ones we have read, was written by a former well known Garrard County boy, Lieut. Thos. F. Stone. Mr. Stone was born and reared in Lancaster, a son of Mr. and Mrs. Cy Stone, now of St. Louis, Mo. The letter was written to Mr. and Mrs. Alfred Poynter of lower Garrard, and many will find it very interesting, as Tom was well known and liked by all here in his "old home town."

"A. E. F. France. Aug 6th, 1918. Mr. and Mrs. Alfred Poynter,

My dear cousin:—Your interesting letter came to hand some time ago, but I haven't been in a place to answer it, have been on the front all that time and no mail was taken at Hdq. Anyway, where the shells are breaking and bullets flying is no place to write. Have been in battle, come out without a scratch but had to feel to see if I was wounded when a big shell hit near me, as it knocks you over. Have seen a great deal of war, hardships and all that goes with war and am still in the best of spirits. We could not get anything hardly to eat for six days, so now I have my stomach all torn up from eating so much. My men are the same way. We drank water out of shell holes and a creek that had dead Germans and horses in it, but our lips were parched and our stomachs empty, still up the valley we went, feeding into the line under artillery and machine gun fire. Me! smoking a cigarette every now and then and the men would go every time I gave the command if it meant instant death, though we got the Hun's goat and up out of his hole he would come while others still clung to their machine guns, they would say Kamerad, but the men shot most of them full of holes or run the bayonet thru them, some of them got away by other officers orders but my order was to take no prisoner for they had Red Cross bands on their arms while operating machine guns. To my knowledge only five got to our lines with their hands up as prisoners. We chased them out of a big farm house and immediately I established my Company headquarters in it, and the furnishings in it were the finest I ever saw (want was left of it) and the Germans on front and right kept up a stream of machine gun fire of no avail. Anywhere the Hun meets the Yankee on the front he gets the fear of God put in him, even their very best troops. I am certainly proud to command a Company of such fighters as they are. They were the old 69th New York, now we have men in the Regiment from every where. I have some in my Co. even from the old 2nd Ky, to which I belonged three and half years, and must say they all have the same American fighting spirit, anxious to get at the Bosche, some men got as high as six to his credit. I had my hands full leading my men, but spied a sniper that had caused us several casualties, picked up a rifle and put his day-lights out, as I used to be our Battalion sniping officer on the Lorraine front, and am an expert rifle shot. We ate their rations from the dead and took pistols, field glasses and anything of use to us. They

had plenty of solid alcohol which we used to an advantage, cooking. I am even writing on this German paper to you taken from a pack on the battle field, have lots of it too, also a snipers rifle, bayonet that I carried all through the battle, as I lost my revolver in the first fight my platoon had. There were any number of helmets but too heavy to carry away in rear, have some other small souvenirs. Oh, one I forgot, I picked up two vases made from French 75 M-M shells, all carved and beautiful. They were lying on the battle field we had chased the Hun from ourselves, suppose he got tired trying to carry them to Germany but I am going to bring them to the states if I live, for my mantle.

Well Maggie, I am feeling fine now after resting two nights in between blankets to keep me warm and plenty to eat. I have good hard working cooks, my men are still pretty tired but happy. We all have new uniforms, shoes, underwear and got rid of the "cooties". I had lots of them from the farm house where the Huns slept.

I have had command of the Company since Aug 1st, and the Major and Colonel seem to be pleased with my work so must be advancing, just what I have always made it a point to do, as I remember what my grandfather used to tell me, but from the kid I was in Lancaster, to the man I am now, there is quite a contrast, but I knew all the time I had the right kind of material in me and only needed developing, as you know I made a success in the contracting business, and in my opinion have made a success in the fighting game for old Glory.

Now for the rest of the Stone family: Bill is a mechanic in 124th Field Artillery, a volunteer regiment from East St. Louis, and is now in France. Frank is at Louisville Ky, in training. Elvin is awaiting orders as to a commission as second Lieut. Clay wants to go but mother said she wanted him at home until he was needed. Numerous others of my folks are in the army. I would not be any other place myself. To top it off, dad tried to get in the Federal Guard for guarding munition plants and bridges.

When this war is over if I am still living, will take little Thelda and visit you and the other folks around my old birth place, Lancaster. I will always have a warm spot in my heart for dear old Lancaster if it is so slow and dull, but I am perfectly contented down there on Sugar Creek with you people, as you are the kind I like. My! but those spring chickens you used to feed me. Well I don't get the comforts of home or the things to eat I liked so well, but seldom have time to think of such things as that, besides we have plenty to eat when not in the thick of it.

I am figuring on an automobile trip out there with my baby, probably the old folks will want to see he old town again along with me. Thelda is with my mother and Susan. They have nice homes there in East Saint Louis and will take care of her for me, she is a real big girl now. Susan has no children, her husband bought their home from me, he is a fine fellow, makes good money and puts it to good use.

Well I will close, sincerely,
Your cousin,
Lieut. Thos. F. Stone,
Co. A., 165th Inf. A. E. F.

The following interesting letter has been received by Mr. and Mrs. G. B. Rose, of Bryantsville, from their son, Dr. S. J. Rose, who is "over there" doing his "bit" for his country.

Mesvrs—Buley,
U. S. A., Base Hospital No. 67,
American Expeditionary Forces,
Aug. 5th, 1918.

My dear Father and Mother:

I suppose you have been somewhat uneasy about me, not knowing whether I was safe or not, but I am alright and as safe as if I were right there at Camp Dick Robinson. I am a long ways from the fighting, stuck back in a base hospital over 100 miles away from the fighting, and the wounded are brought back here for treatment. I have 126 wounded I am taking care of alone and it is interesting work. American boys are making a name for themselves that will never die. They can fight rings around any other nation regardless of whether they are French, British, German or any other. The way they sit around and tell how they got their wounds, how they captured their prisoners, how they won their war crosses which most of them wear, is great. There is no bragging, just told in a simple way that seems to them as though it were nothing at all.

The first day I went in my wards to take charge, I was dressing some of the cases and some one happened to mention Kentucky and I mentioned that that was the state I was from and the same person who mentioned it before said "I told the boys here a few minutes ago when you first stepped in and then went out again that you were Dr. Sam Rose", and it was

a fellow by the name of Bengé, Andrew Bengé from Bryantsville and he remembered me. The world is small after all, isn't it? He was brought in from the battle field from being gassed but was not gassed enough to amount to anything. As soon as gas can be detected the men are rushed to the hospital immediately. They are taking no chances at all. They are put to bed and watched for symptoms. The men tell me that the percentage that is killed is very small on our side and over 95 per cent of the wounded get well. Quite a few of our men got wounded in this last drive but not a great many killed. Some of them ran so fast after the retreating Germans that they ran clear off and left the rest of the force. They say that the Germans are yellow clean through. The only way that he will fight is when he has plenty of ammunition and a big crowd backing him. They are deathly afraid of Americans. One of the men was telling me about a bunch of Frenchmen who came running towards their lines following for the Americans to retreat that one of our men yelled out "where the H— are the —and the Americans got their guns and started running in the same direction the Frenchmen had just come from and captured several hundred Germans. The Frenchmen did not know what to make of it. We are driving them back rapidly now and if this keeps up it will soon be over. So don't worry about me, I am safer here than I would like to be. I feel that if these men can go into this scrap with a gun and bayonet I at least ought to be able to go up behind with a few bandages, pills or whatever is necessary. But you know we go where we are sent and not where we want to go, so I will probably never be any closer to the fight than I am right now. Write me often and tell me all the news. Lovingly your son,
S. J. Rose.

The following interesting letter has been received from J. Sterling Herron, by his mother, Mrs. Luther Herron, who has kindly consented for us to print it.

"France, Aug. 23rd, 18.

Dearest Mother:—
Your letter came today after three months delay. Was certainly pleased to hear from you and glad to know that all were well. Had expected to receive a clipping out of the Courier Journal in which our boys were in. Have you heard from Sam lately and what rating does he hold now? Would love to hear from him as I have written him several letters and yet unable to get a reply.

You need not worry over Stanley even if he is serving in the trenches here, for I am sure he will pull thru and he will benefit by it. Remember there are not very many American mothers who have four enlisted sons in our great army, and knowing this you should be one of the happiest mothers in the states. We are only four, yet we are part of our vast army who are serving the Stars and Stripes that right shall prevail over night. I can't see where Germany can stand up much longer, as the Allies have them on the run and my candid opinion is that your boys will be back with you in the course of a few months. And until believe us in good hands and that we are serving each day the best of our knowledge to bring us to victory.

I am your loving son,
Corporal S. J. Herren,
18th Co., 2nd Bn., 5 Regt, Marines,
France.

P. S. Received the Central Record dated July 4th, today, and was sure glad to get it. Am sending you a souvenir taken from or rather exchanged a Franc note with a German prisoner for this Mark note. Be sure to give my address to the boys."

The following compliment was written with the O. K. by the censor. "Your boy is real well and just as happy as he can be, and one of the best boys in the Company.—M. E. Simmons, 2nd, Lieut. M. C. K."

A letter to his mother, Mrs. B. F. Walter, from our friend, Sergt. Robt. M. Walter, is of much interest, as he is just on the eve of "going over". He is with the Dr. Grant Unit and enlisted about a year ago. He writes:

"Sept. 21st, 1918. Camp Mills, L. I.

Dear Mother:
Have arrived in my new camp and like it fine. The camp is not so nice but it is sure located in a wonderful neck of the woods.

These Eastern people are sure patriotic, every body here takes their hats off and cheers the soldiers. It sure is different from the South, and it makes you feel better to be treated that way than looked down on like they do in the South.

Mother, I have had the trip of my life, stopped in Atlanta and several towns in Carolina and Virginia, also in Washington D. C., New York, New Jersey, Philadelphia, Brooklyn and then down the Hudson to Long Island. I have a lot of notes made on

the trip and am going to write you a long letter as soon as I get settled and describe everything to you, just as I saw it.

I am sure tired tonight, have been on the go every since we arrived last night. Have lots of work to do for the next few days.

The Red Cross workers are wonderful, they meet every troop train with candy, chicken, ham and other sandwiches, hot coffee and cigarettes. I will explain later.

There are about fifty thousand soldiers here and the airplanes are thicker than blackbirds at home. They are in the air day and night. I counted 108 machines this afternoon and they sure do some stunts.

Please see if you can get Van Logans address for me, also Mary Elkins, for I would like to see them some day while I am in N. Y.

I don't know just when we will sail, and if I did I could not tell you, but I don't think we will be here long. I sent the blanket home in my suitcase, also a few other things. Enclosed you will find a receipt for it, please get them and you can do what you want to with them. I hated to throw them away on account of the blanket belonging to Willie.

We are just forty minutes from New York but you can not tell when you get there as everything is building. I have met a lot of wounded soldiers that have been sent back to the hospitals on this side, they seem to think that this war is good for some time yet.

I am going to close this as I am about to fall asleep. Love to all, and write me at once, will have a long letter next time.

My address is 152 Field Hospital, 113 Sanitary Train, 38th Division, Camp Mills, Long Island, New York.

Sergt. R. M. Walter,
P. S. Tell everybody I am going over and am glad the time has come.

"Somewhere in France."

Sept. 1st, 1918.

Dear Uncle and Aunt:—
Just a line from Clyde to let you all know I am well. To-day being Sunday, I have a few spare moments, thought I would write you. I don't have time to write very often. I have written you folks two or three times but haven't heard from you.

Believe me, we are some busy, but we don't care to do anything that we are asked to do, for we are anxious to finish our task over here as soon as possible and set sail for the good old U. S. A.

Tell Homer I received his letter but haven't had time to answer yet. Tell him I'll write him when I get time.

I would like to be there and go fishing with you, but I don't think it will be many months until I can be in your home again.

I had a letter from Mother a few days ago. She said she and father had been up there to see you all. I know they enjoyed their trip. We boys that left Somerset together are still together, and after our hard work is over we always have time for a little fun.

I am sending you a couple of pictures, keep one your self and give the other to Mrs. McCackney. They are no good as you can see. Gregory and I were down the street one afternoon and we ran across an old gentleman making pictures. We had on our old clothes and our hob-nail shoes, but we decided to have some made anyway, as it is very seldom we have the opportunity of having pictures made over here.

You folks must write me occasionally for I am always anxious to get a letter from anyone back there.

Tell Harry hello. I will close, hoping this finds everybody well and happy.

I am,
Your nephew,

The following letter to his mother, Mrs. Florence Grant, is one of much interest to the numerous friends of Lucien M. Grant, who is now aboard the U. S. S. Stevens.

"U. S. S. Stevens, Base Six,

My dearest Mother:—
It is the twelfth of September and still not a word from you, a big mail from the States came today, but in vain did I look over the Ward Room Officers' mail for a letter for myself. It will be a month tomorrow since I arrived here; it seems that I must have been born in this part of Ireland.

I shall be in (censored) again for one day sometime real soon. You've no idea how the visits to that metropolis help.

It is almost impossible to get any fresh fruit here; eggs are about a dollar and a quarter a dozen; fresh butter 70 cents per pound; and milk likewise very dear. So our monthly mess bill is seven or eight pounds (35 or 40 dollars) which is out rageous. Practically everything we use is brought over from the States.

It's beginning to get cool here already; I suppose winter is "coming on". And they say the winters at

sea off Ireland are very disagreeable, tho on shore they are not so bad.

Well, I must close in order to get this in the mail today; besides I have nothing else to write except that I am quite well and have always been except when it is rough at sea. Hoping all are the same and with love, I am,
Your devoted son,
Lucien."

The following letter has been received from another Garrard county boy, Private Hardin Davis, written to his parents, Mr. and Mrs. Riley Davis, on Route 3, and will be read with interest by his many friends in the county.

"Somewhere in France" Sept 1.

Dear Mother:—

I hope you are well and getting along all right. I am well and hearty.

I am somewhere in France and like this country very well. This country is (censored) and has some (censored). I have seen lots of things on my trips that were a treat to me. The French people are sure friendly and nice to us. They try to teach us two boys that came over with me that to speak their language. There were I knew at home, Cecil Masters and Raymond Davis. We have been playing pranks on each other.

We are (censored) in a small French village and the buildings are all of stone and look strange to us.

Tell all of my old friends hello for me. Write me soon, as ever,
Your son,

Private Hardin Davis,
Co. H. 323 Infantry, U. S. A.
P. O. 791, Am. Ex. Forces.

The following letter has been received by Mr. and Mrs. Luther E. Herron, from their son, Stanley, who volunteered his services to his country at the beginning of the war, and who has been "Over there" several months, fighting in the front line trenches.

Aug. 31st, 1918.

Dear Mother and Dad:

Just received your letter dated July 14th. Sure was glad to know every one was well. Gee it is hot here. I got a letter from Sterling last week, he was well and doing fine. If you could only see the place we are in now, a French Fort. Talk about one of the seven wonders, they forgot this one. Last month I visited one of the old Castles where the first King of France was born and raised. There were several of the Queen's pictures painted on the walls. The scenery was beautiful and well done. It is still unharmed from aerial bombs and artillery, but could have been destroyed by long-rangers guns, but not now I think. I guess Sam is back in the states by now. I am healthy and stout as ever, but am beginning to feel the effects, but I will stand it as long as I can. I can't tell you a thing that you would like to know. With lots of love,
Stanley.

Mr. and Mrs. James Hume have received a card from their son, Walter, telling of his safe arrival over sea.

And also their second letter from their son, Amos, who has been in France since June, and is now in active service.

MEMPHIS OFFICER GOES AFTER VIN HEPATICA

City Patrolman Siler Says Famous Vin Hepatica Prescription Helped Him Out

Considerably.

City nightwatchman J. L. Siler, who resides at 381 N. Bellview Blvd., after a hunt of five years for something to put his liver in right shape, was considerably rundown until E. C. Philpot, of Nashville, told him to go down to Weiss' Pharmacy, Main and Union Streets, and get a bottle of the great Vin Hepatica prescription and take it.

He at once made a dash for this popular drug store, where he found several others buying this wonderful liver, stomach, kidney and bowel remedy, and got his first bottle.

"I had been suffering for five years from an inactive liver, had no appetite, was all rundown", said Officer Siler. "But since taking Vin Hepatica I feel more like doing my work than I have for years. I really enjoy my work now, and I gladly recommend Vin Hepatica to all who need a real tonic."

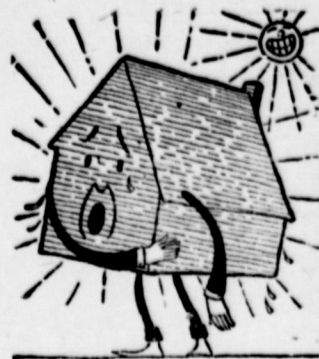

If you suffer from indigestion, weakness, or any other trouble caused by disordered stomach, liver, kidney, or bowels, or you feel in need of a real good spring tonic, come or send for a bottle at once to R. E. McROBERTS, Lancaster, Kentucky.

Reasons!

Why you should use Cardui, the woman's tonic, for your troubles, have been shown in thousands of letters from actual users of this medicine, who speak from personal experience. If the results obtained by other women for so many years have been so uniformly good, why not give Cardui a trial?

WOMAN'S MITE TO COME OUT OF HIDING

SHE KNOWS THE HOUR OF CRISIS AND ALWAYS RESPONDS.

By Most Any Woman.

In my youthful days money used to get pretty tight occasionally. My father and his partner were trying to do some big things and every once in a while they were squeezed for cash. It was a real emergency sometimes. Things would be just about ready to go over the top when there would be a demand for more cold dollars. And they didn't have them. At such times mother used to notice the gathering of worried frowns.

"What's the matter?" she asked, without much need. She usually knew.

"Oh, we've got a chance to put something through. But our money is all tied up," father would answer and a hopeful sound would creep into his voice.

Then mother would go to some hiding place of her own and bring forth a roll.

"Here's the money you gave me two months ago for a fur coat. Would that help?"

Would it help? It saved the day many a time.

Uncle Sam is in just that fix now. He has plenty of good-as-gold resources. But there is a big crisis on and he needs the cash to go over the top. There is a tremendous thing at stake, so tremendous that it is a little bit hard to talk about it. But we all know just what it means to us, to the women, perhaps, most of all.

And thousands of women are coming forward just as mother used to do, bringing the roll they had tucked away somewhere.

"Here's my money. Will it help?" they are asking.

Will it help? It may be that this tremendous day when the whole fate of the world hangs in the balance will be saved by the proffered dollars of the women of America.

Won't every one of the ten million of us bring out our little roll, and say, "Here, Sam, I'll lend you mine?"

OCTOBER 12 WILL BE LIBERTY DAY

COLUMBUS' MEMORY TO BE RECALLED IN LIBERTY LOAN RALLIES.

Columbus Day, October 12th, will be Liberty Day this year. The United States government is asking the country to observe the anniversary of the discovery of America with a nationwide rally for the promotion of the Liberty Loan—the means of saving America today.

The Treasury Department and the United States Bureau of Education are co-operating in this plan and suggestions are being mailed by the Educational Department to all of the schools of the country, giving programs for an appropriate Harvest Home Festival to be held on that day.

L. B. Franklin, director of the National War Loan organization, in a letter to Governor Fancher of the Fourth District Federal Reserve Bank says in regard to this:

"The two central ideas—the discovery of our country and the Harvest Home Festival—are so simple and yet so significant that every community will be able to adapt them to local conditions and express them effectively."

"There is a logical unity between both of these ideas and the Liberty Loan," he said further. "When the people of a community recount the fruits of their summer's labor they will naturally ask themselves what share of them they ought to invest in Liberty Bonds. When they come to realize what the discovery of America has meant to them personally, what it has meant for the cause of freedom and democracy, what it will mean for the salvation of the world in the present world tragedy, when they begin to feel all this, they must of necessity say, this is worth investing in, worth fighting for, worth making any sacrifice for."

"The Harvest Home Festival is our earliest form of American celebration before cities were built, and it would be a distinct gain to carry the idea over into city life. The characteristic harvest of the city is not fruit or grain, but the products of social life, like commerce, arts, music, architecture. City and country communities will, of course, celebrate the day after its own fashion, but the Harvest Home idea applies equally to both. Whatever a community's particular type of product may be, on Liberty Day its aim should be to reap a harvest of dollars for democracy. On this day we meet not as city or country people, but as citizens, all united for the single purpose of serving the Nation by devoting a part of our products to its needs."

HIS
IDEA
LIBERTY
BONDS

Each Liberty Bond is
equivalent to a service
strip for men done in
winning the war. Every
true American, whether he
can fight or not, will
wish to buy a Liberty
Bond in order to assist
in the Grand Army of Liberty.

Thousands See French "75s" on Loan War Trains

Thousands of persons in Ohio, West Virginia and Pennsylvania had their first glimpse this week of one of the famous French "75" guns. The "75" was the gun which backed up the historic words, "Thou Shalt Not Pass!" The guns are aboard Uncle Sam's Trophy Trains which are touring the Fourth Federal Reserve District in the interest of the Fourth Liberty Loan. They are scarred from battle and rear above the flat cars in all the majesty of the heroes that they are—for without the "chorus" of them and their brothers the words of the gallant French would have been empty and the Germans would now be in Paris—yes, even in New York, perhaps.

At every stop the two trains have made thousands of persons have crowded through to see the trophies taken from the battlefields.

Hun helmets, medals and guns attract the most attention. The trains also have aboard outfits of the American fighters and their allies, depth bombs, aerial bombs and all of the curiosities of modern warfare.

The total of American army casu-
alties in France, including the divi-
sion of men from the marine corps,
now totals something like 37,000. We
have lost in dead a total of 12,200.
Slightly over 20,000 men have been
wounded in action, not including
those who died of wounds received
in action. The missing, including
prisoners, now approximates the
5,000 mark. Deaths from disease
are small in proportion, barely reach-
ing the 2,000 mark. In view of the
fact that many of the casualties re-
ported are minor casualties our losses
have been very small both in propor-
tion to the number of men engaged
and the severity of the fighting.
There will be more hard fighting this
fall, but the bulk of the American
casualties will come, we imagine, in
1919.

Forward!

With no thought of bursting shrap-
nel and poisonous gases into which
they plunge—with every muscle tense,
with every faculty of mind alert,
with one thought only—TO FIGHT
AND WIN.

That is the way our men are going
into battle. When the shrill whistle
sounds the advance, out they go—their
whole heart in the task before them.
No power on earth can hold them back.

Forward!

The same sharp challenge to battle
is sounding for us. We must answer
in the same proud way—the way of
our fighting men—the American way.
We must lend the way they fight.

We must show the war-maddened
Hun a united American people mov-
ing forward shoulder to shoulder,
irresistibly, to Victory.

Our task is to supply the money,
the ships, the guns, the shells that we
must have to win. It is a tremendous
task. We must do it as our fighting
men do theirs—with the indomitable
spirit of Victory.

We must work, and save, and lend
with one thought only—TO FIGHT
AND WIN.

**Get into the fight—with your whole
heart. Buy Bonds—to the utmost!**
